

## Seminar: SOUL LANGUAGE, speaking in tongues, language of light, HEART language!

Status 2021.08

### What is soul language

**Soul language - angel language was and is our ALL original language! From the time of "UNITY"! Complete understanding of the heart is the effect. Blockages, fears, dark things of all kinds, from this life and previous life - KARMA are released almost automatically from your energy system. Miracles can happen on a physical, mental, psychological and emotional level.**

**It creates a connection to the source, to unity and wholeness. Positive effects & consequences are very likely.**

The soul language is the language from your true divine core, your true self, your soul. It is also called light language, angel language, original language, speaking in tongues, the words of God.

It arises purely intuitively from the moment without thinking about it. Suddenly there is the feeling that I should now speak something. As soon as the impulse is given in, it flows, the soul language.

It can be **spoken loudly and softly / in thought**.

It is the language of the heart - the language from soul to soul, from heart to heart.

A universal language, because it **can be spoken to people, animals, natural objects** (trees, stones, water ...), **technology** (cars, computers, cell phones, kettles, heating ...) as well as to **"invisible" beings** of any kind always...

Through sounds and tones and whatever is still involved, she makes something vibrate and releases blockages in every system. Your body / energy field, nature, technology ...

It also reminds you of your natural / original origin, the cosmic origin, at the very beginning! Your energy will increase, you will become more powerful and courageous to go your individual path.

In your awakening process you will gradually recognize more of **your inner & eternal light** and appreciate the soul language more and more as an aid of the SOURCE!

The **possibilities of soul language are limitless**. And it is completely individual with each person and in each moment. It creates order, harmony and connects.

Heart openings **often happen "during a therapy session**, a lecture or seminar, because UR blockades and fears are now released from the QUELLE.

The soul language contains words, syllables, sounds that are not shaped by our mind and therefore there are no existing memories / fears / blockages / expectations that normally "stand in the way" through internal "no, no, no".

It can be understood with the heart / feeling. It is free from emotional imprints and releases blockages in your system - both mentally from old beliefs and beliefs, as well as from the emotional pain that results from them.

Occasionally there are people who get **simultaneous translation** in the now. There are also channel media that receive their announcements in this language, which is then automatically translated into German / English ... in your head!

**Deep blockages, seals, implants and magic** of all epochs as well as shocking experiences from this and other life / karma can be released with it.

**Your soul plan, your soul path** can also show you the soul language, since the source itself speaks to you through you!

Releasing blockages & gaining knowledge is an unbelievably short time!  
Freedom, clarity, lightness, presence, heart opening, space, calm, harmony and peace are conveyed - your true core!

The soul language offers **THE unique opportunity in connection** with our source to experience the New Age, the Golden Age, the Rainbow Age in purity with the heart, in health, wealth & abundance, bliss.

The soul language can reveal the meaning of your existence to you, show your life task and solve everything that has hindered you so far. So that you do what you wanted to do! To fulfill your DHARMA, to do your service for the life of all, for the good of all!

OM is the original sound.

The beginning was in the word.

God said he would be light.

... sound / vibration ... therefore the **original language, the soul language**, is the access to the beginning. There things as mentioned above (fears, foreign energies, magic, beliefs ... ..) can be corrected for YOUR good and for the good of EVERYONE!

### Forms of soul language

The expression in this form is infinite, individual - like its own "dialect", so to speak. Depending on who or what you are talking to, humans, animals, natural beings, plants or other beings, the language changes completely! Sometimes more Hebrew, Chinese, Japanese, Sanskrit, Aboriginal, Indian mixed with a few words English, French, Russian....

- Sometimes completely loving, more loving than a mom to her child, compassionate, comforting.
- Sometimes extremely serious, admonishing, waking up with a raised index finger.
- Sometimes even more decisive and louder when dark beings are driven out of the aura, the house or place and brought to their home.

It is a **holistic expression** that relates to the wholeness of the counterpart (God).

This higher form of communication is all-encompassing and gigantically profound. It works in the body, matter, mentally in Australia, USA ... to other universes ... Endless!

You get more and more a view of the true, the whole, the whole and the beautiful inside and outside - you recognize what you are.

### **Application:**

You can feel / recognize from your intuition or your mind that now "wants to be" spoken or "should" be spoken, or there is an **inner urge** to which you just have to give in. Then open your heart and let the soul language flow. The speaking can be spoken loudly or audibly or only internally / in thoughts. Please always WITHOUT expectation regarding the result / effect and WITHOUT "wanting - I want to do / heal / repair this / that", with an open heart. From the pure divine it happens as it is supposed to happen.

"His will be done on earth as it is in heaven"!

### **The soul language can be expressed in different ways:**

- Soul language
- Sound codes / rapid repetition of individual syllables
- Soul songs / singing
- Soul dance Movement of the whole body as an expression of the soul and body language
- Soul music - intuitive free playing of instruments as an aid (several participants do this with harp, piano, operetta singer ...)
- Tones (yoga teachers do this partially)
- Soul melodies
- Images of the soul (inner and outer)
- Symbols, intuitive signs

This intuitive approach in you shows solutions - without long "thinking" ...

"Man thinks, God directs" This truth is joyful and liberating to experience!

The soul language flows from the divine presence in you and makes the "UN-possible" POSSIBLE!

### **Danger:**

"There is a **risk of manipulation** if you talk with **too much WANT**. I "want" YX to heal / make you healthy, I "want" to change XY, I WANT to have XY differently ... **too much "want" closes your heart and creates manipulation!**

You should have an INTENTION, speak with an OPEN heart and expect the result with joyful things 😊

## **Application of soul language**

Here I list possibilities how you can use / apply the soul language. Be full of ideas in the further application, because there are definitely thousands of other possibilities!

If you have experienced something great, touching, stunning, then share it with me / the soul language community! So many people benefit from your knowledge and the benefit is much greater!

**Apply for yourself first !!!** - for centering and earthing; for purification, transparency and clarification in your own energy system - as a tool for self-healing, transformation and self-empowerment !!!

It's great **in front of the mirror!** Talk to your eyes, the window to the soul and experience surprises! Gladly also with all feelings (fear, aggression, helplessness ...) with pain, life issues, goals or or ...

- Clarification of fears, aggression, anger ...
  - Relationship & partnership fears / problems
  - Dissatisfaction / meaning in life / job questions / where do I belong / why am I there
  - depression
  - Too much thinking / too little feeling-intuition
  - Energy problems in the house / apartment
  - Singing about, discussing organs, body systems or pain in order to release blockages on all levels
  - Singing about, discussing e.g. also the heart area or lap area / sexual organs, kidneys = partnership, liver / bile = aggression / anger etc.
  - Speak with your reflection / eyes, the window to the soul. Without a plan or for certain topics.
  - Talk to your INNER child, INNER woman, INNER man!
  - Healing relationships of all kinds
  - Support for other people on the "way to the source"
  - Recovery of your body
  - Transformation of your mindset
  - emotional balance
  - Cleaning of rooms, apartments, buildings
  - Cleaning of places, areas, bodies of water, atmosphere

  - Blessing water
  - Medicine for animals
  - To remember and expand true frequencies like gratitude, goodness, grace, peace, self-love, glory, bliss, freedom, joy, oneness, wholeness, purity, ... in you
- ✓ With the (usually) right hand / working hand you can **make left-turning / counter-clockwise movements to take the "negative -" energy out** of the body system

## SEELENSPRACHE Transformation Course

(whatever it is, pain, blockage, old knife / spear / sword ... ) also above the head to completely cleanse you. The same with an animal & object.

- ✓ Also works with **“lying 8” or “wipe” or “pull out”**. Let yourself be led where you should reach. The intimate zone is often important, including the heart, neck, kidneys....
- ✓ Then **turn right / clockwise to supply “positive +” energy** to the body part and over the entire body. The same with an animal & object.
- ✓ For **charging**, “Divine White Primordial Light” and “Golden Christ Light” can also be presented, as well as the connection to the source and the heart of Mother Earth.

It's great in front of the mirror! Talk to your eyes, the window to the soul and experience surprises! Gladly also with all feelings (fear, aggression, helplessness ...) with pain, life issues, goals or or ...

The consequences are more and more emotional balance and mental clarity, more serenity and simplicity in your life as well as inner knowledge and liberation from restricting patterns. Your potential blossoms more and more and ease, joy and a playful approach to life awakens.

Your relationships will change, want more truth and clarity. You will do more and more that which gives you joy from the heart and allows you to be recognized as a child of God.

### **Buildings:**

Especially "important buildings", government buildings, churches etc. can have **"camouflages"** so that you think / hear that everything is in order ... In case of doubt, it is advisable to instruct **Adonai Asthar Sheran to "dissolve all camouflages"**.

That takes about 5-10 seconds. Then you get completely different information and see that there are very dark beings at work who just wanted to hide ☺

So action and away with it, if you have the feeling that it is your mission and not your EGO is ☺

You can use it to **clean your own apartment** / house and also other people's houses.

Can close dimensional gates, bring dark beings of all kinds to their right place (underworld or light). That goes directly and possibly even at a distance ...

**Car / bus / train:** they too like to have all energetic impurities cleaned ☺

**Loud / quiet?** Soul language is always and everywhere applicable and possible - even to sing or talk in silence. Since there are often situations where speaking or singing out loud is not possible or inappropriate, you can do so internally. (on the bus, soccer match, folk festival, waiting room ...)

By using them silently, you bring blessings and harmony into every situation and serve real life.

**Long Distance Talking / Healing?** It is also possible from a distance, since everything is connected to everything at any time and in any place.

It should **never come from your "want / EGO" - be free of expectations** and ideas - the divine in you, knows what is there, how and if it may happen - it is everything that is and preserves the divine plan for everyone Essence.

**You are allowed to end the darkness and recognize your wholeness.**

Fear, lack, judgment, struggle, argument ... dissolve more and more in you.  
according to Dr. Zhi Gang Sha, who published the book > Seelenweisheit <, conversations from politicians would be much more loving and productive, because they would understand each other in their hearts!

It should never come from your "want / EGO" - be free of expectations and ideas - the divine in you, knows what is on it, how and if it may happen - it is everything that is and preserves the divine plan for everyone Essence.

Soul language in all its forms is an act of pure surrender, trust & control and service!

Kind regards, Michael König-Breuss (JagnandaDas)

Speaking in tongues or speaking in tongues, glossolalia (ancient Greek γλῶσσα glōssa "tongue", "language" and λαλέω lalēō "speak") or prayer in tongues is understood to mean incomprehensible speaking, especially in prayer. According to the New Testament, it is indeed a gift of grace from the Holy Spirit (charisma), but it is subordinate to love as the greatest gift of grace (13.1-13 EU) and other gifts (14.2-19 EU). Today's Pentecostal movement sees speaking in tongues as a form of prayer that emphasizes the particular immediacy of praying to God.

The ability to speak in foreign languages without knowledge of the same, as it is described in the Acts of the Apostles at Pentecost (Acts 2,4 EU), on the other hand, is called

xenoglossia. In charismatic literature, however, there is often no distinction between the two.

Speaking in tongues is mentioned in various places in the New Testament. The expression in tongues is, however, a theological new creation following the Luther translation of 1545 in the sense of speaking in a foreign or incomprehensible language. For example in the Gospel of Mark 16:17: "But the signs that will follow those who believe are these: In my name they will cast out evil spirits, speak in new tongues (= languages) [...]." originally not only incomprehensible speaking, but speaking and understanding foreign languages as meant on the day of Pentecost.

Due to the openness of the translation and a certain lack of clarity as to what exactly Paul is referring to in 1 Corinthians 14: 1-40, an independent teaching and practice of speaking in tongues has developed, which also refers to other scriptures: the conversion of Cornelius (Acts 10, 44-48) and the Ephesus disciples (Acts 19.1-6).

Through the inspiration movement, a branch of radical pietism, speaking in tongues found its way into religious practice as a modern phenomenon towards the end of the 17th century. In today's Christianity it is practiced especially in the Pentecostal movement and the charismatic renewal, but valued differently (e.g. speaking in tongues as proof of a person's fulfillment with the Holy Spirit).

- Glossolalia (speaking in tongues, prayer in tongues) is a universal phenomenon that transcends religion in which sounds and syllable sequences are uttered that do not belong to any language and are indistinguishable from a foreign language for an outsider. In the Christian context, glossolalia is a characteristic expression of the piety of enthusiastic Christianity, which in the 20th and 21st centuries, it achieved worldwide importance through its effective expansion in pentecostal charismatic movements (initially Pentecostal movement, since around 1960 as a charismatic renewal in almost all historical churches and free churches).

The practice of the glossolalia takes place according to the pentecostal-charismatic self-understanding in the context of a specific understanding of being fulfilled with the Holy Spirit (cf. Acts 2,4) and the rediscovery of the so-called extraordinary charisms (in addition to glossolalia also healing and prophecy, cf. 1 Cor 12-14). It serves for individual edification, but is seen in the context of church building and mission. While Glossolalie for....

Soul language / light language / speaking in tongues / language of the Elohim is a gift from God with which every speaker can perform God's miracles, provided it is "HIS WILL"!
